**IN GIVEN PROMOTION**  
Lawrence J. Moorman has been promoted to first machinist's mate according to a letter written to his mother Mrs. H. G. Moorman of Conneltsville. He is on the U. S. S. Melville in European waters.

### DEATH TOLL FROM

**INFLUENZA IS NEARLY DOUBLE THAT OF WAR**

In 46 Cities Mortality Was \$2,006 to November 9. Estimate Made for the Country at Large by Associated Press

WASHINGTON, Nov. 18.—The influenza epidemic has thus far taken a much heavier toll of American life than has the great war, says a bulletin of the Bureau of the Census. The total loss of life throughout the country is not known, but the Bureau of the Census has been publishing for 46 large cities having a combined population estimated at 23,000,000 weekly reports showing from September 8 to November 9 inclusive a total of 8,306 deaths from these causes. It is estimated that during a similar period of time the number of deaths in the same cities would be about 4,000 leaving approximately 78,000 as the number of deaths chargeable to the epidemic.

The total casualties in the American Expeditionary Forces have recently been unofficially estimated at 100,000. On the basis of the number thus far reported it may be assumed that the deaths from all causes including disease and accidents, are probably less than 40 per cent and may not be more than 40 per cent of the total casualties. On this assumption the loss of life in the American Expeditionary Forces to date is about 40,000 or 10,000.

**At the Hospital.**  
Peer Seibo, 31 years old of this place, underwent an operation yesterday at the Cottage State hospital.

**MR. ANNA MATILDA JACKSON**  
Following a six months illness Mrs. Anna Matilda Jackson died Saturday at her home in Brownsville.

### BAD BREATH

**Dr. Edwards' Olive Tablets Get at the Cause and Remove It**

Dr. Edwards' Olive Tablets the substitute for calomel act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint, with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil. You will find them in your drug store. Take one or two every night for a week and note the effect. 10c and 25c per box. All druggists.

**CLAUDE A. TAYLOR**  
Claude A. Taylor, 30 years old, died today at his home in Brownsville following a brief illness of pneumonia.

**MR. ANNA MATILDA JACKSON**

### NEW BLOOD NEEDED

After the grippe influenza or other serious illness, the body needs help to regain the health and strength sacrificed by the disease. The blood must be renewed and purified and revitalized for this purpose physicians know of no more efficient blood builder than Iron Nux Vomica Central Capsules and Zinc Phosphate in some form.

In many preparations, however, the iron causes constipation, but in Chase's Blood and Nerve Tablets which contains all of these tonic ingredients, he addition of Aloin overcomes this effect and gets all the benefits of the Iron and other body builders without any unpleasant after effects. Health and strength quickly returns and pure healthy blood is soon circulated through the body.

Each dose means more vitality and strength. Weigh yourself before taking, and watch the result.

Dr. Chase's Blood and Nerve Tablets are sold by nearly all druggists at 25 cents a box. Special strength price, 50 cents—Adv.

**WILLIAM HENRY BERRY**

## LOCAL HIGH TRIMS WEST NEWTON TEAM BY A SCORE OF 46-0

Connellsville Gridders Show  
More Pep Than Yet Dis-  
played This Season.

### WORK FORWARD PASSES

Aerial Plays Are Tried Out; Other  
Trick Stunts Work Well; Plays Are  
Only a Few of Those Which Will Be  
Used Against Scottsdale Saturday.

46-0—Connellsville.  
With this score to its credit, the  
Connellsville high school football out-  
look took on a more alluring aspect,  
when the West Newton high school  
was given a trouncing. The locals  
showed that even five weeks of inac-  
tivity due to influenza could not put a  
damper on their aggressiveness.

After the long "su" ban, during  
which there was no practice, Connells-  
ville surely came to the front Satur-  
day. The game opened with a neat  
kick-off by Danner, and was carried  
back several yards by the West New-  
ton right half. During the first quar-  
ter, West Newton appeared to be a  
strong antagonist, and the ball  
changed hands several times.

In the second quarter Connells-  
ville went into the fray with a pep  
not hitherto displayed and carried the ball  
within 20 yards of the goal posts.  
West Newton put up a stiff resistance  
and Coach Bode's men hammered  
away until there was only two yards  
to go for a touchdown. The pigskin  
went to Captain Lyon, who carried it  
over for the first score. Durnell kicked  
the goal.

After the first touchdown Connells-  
ville seemed to gather speed and went  
through West Newton time and again  
for big gains. Durnell crossed the  
line for a touchdown and also made  
the goal.

Connellsville kicked off in the open-  
ing of the second half, and although  
West Newton went into the fray with  
renewed energy, Connells-ville got the  
ball and pushed down the field for a  
third touchdown. Durnell kicked the  
goal.

Twice again during the third quar-  
ter Durnell carried the ball across the  
line, but failed to get the ball between  
the bars on one goal kick.

With the beginning of the fourth  
quarter, Connells-ville was only five  
yards from the line and Danner got  
away on an end run for another score.  
"Jimmie" McConnell made the final  
score when he made a pretty catch of  
a forward pass and went 10 yards for  
a touchdown. Not once during the  
second half was Connells-ville held for  
downs and forced to kick.

The Connells-ville aggregation showed  
much improvement yesterday over  
the playing displayed during the first  
part of the season. In the past week  
they have been drilling hard. The  
backfield worked in harmony and the  
interference was good. Some pretty  
tackles were also made.

Connellsville has no individual stars  
this year and to get results every man  
on the team has to work with the others.  
Coach Bode has been handicapped  
during the week by only having  
15 men out of the field, but with in-  
terest in the Scottsdale engagement  
being stirred up it is expected that suf-  
ficient men to form two squads will  
work during this week.

There was little cheering Saturday  
but the students will be organized for  
the Scottsdale game, at which the re-  
cord crowd of the season is expected.  
Connellsville has proved to local fans  
that the team on the field this year  
has the real "stuff" and interest in the  
Pittsburgh field games is again picking  
up.

The lineup:  
Connellsville. West Newton  
Jas. McConnell left end. Fullerton  
Crutcherfield left tackle. Porter  
Strawn left guard. Painter  
Crutcher center. Rouse  
Jas. McConnell right guard Fitzpatrick  
Moore right tackle. Durnell  
Menefee right end. Vest  
Danner left half. Stevenson  
Lyon right half. Binkert  
Struble quarter back. Pessaro  
Durnell fullback. Landmore  
Substitutions—Connellsville: Bu-  
fano for McConnell. Buttmore for  
Strawn. Loughrey for Crutcherfield. Wis-  
hart for Bufano. West Newton:  
Haynes for Yex. Trump for Fullerton.  
Holley for Fitzpatrick.  
Referee—Herwick.

### SIDING PERMITS

Will be Granted by Railroads Instead  
of Through Fuel Administration.

Applications for the installation of  
new track connections and sidings, at  
coal mines will be made in the future  
direct to representatives of the rail-  
roads concerned, instead of through  
the mine siding division of the Fuel  
Administration. It is announced. Since  
the time soon after the organization  
of the Fuel Administration these ap-  
plications have passed through the  
mine siding section for approval be-  
fore presented to railroad officials.  
Dr. Garland's official statement fol-  
lows:

"The present practice of making  
application to the United States Fuel  
Administration for permission to in-  
stall track connections to mines is  
heretofore discontinued.

"Hereafter, such application should  
be made direct to the local railroad  
officials as in pre-war times."

Approximately 800 applications  
have been presented to the mine sid-  
ing section during its existence for  
of these have been approved, some  
of these have been approved, some  
have been accepted by the railroads,  
some have been installed, some are  
awaiting installation, and others have  
been rejected by the railroad.

### Running Bargains

Daily Courier. You will find them.

# Quality Furniture at Lower Prices

At Aaron's you have the largest varieties of Furniture and Homefurnishings to choose from—the quality of the merchandise is of the very best—and the prices are the lowest possible consistent with this quality.

It's not alone the low prices that prevail on the high quality, exclusive lines of merchandise we handle—but the endless varieties of Furniture, Rugs, Carpets, Stoves and Homefurnishings from which you can so easily choose—that makes Aaron's the logical place to select your useful and practical Christmas Gifts.

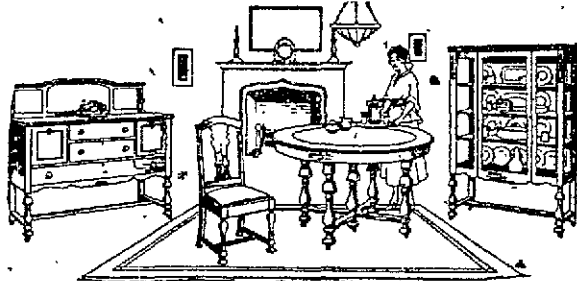

Then too, in making your Gift selections at Aaron's you have the added assurance that everything you purchase will give complete satisfaction. Because we handle only reliable Homefurnishings and every article we sell—no matter what the price—is backed up at all times by Aaron's "satisfaction guarantee".

## Dining Room Furniture for Thanksgiving and the Holiday Season

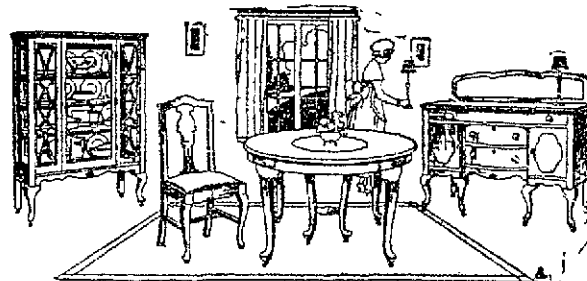

This is the time of the year when your Dining Room is perhaps most conspicuous—when your family and friends will gather to celebrate the greatest Thanksgiving in years. We have anticipated your needs—our display of Dining Room Furniture is exceptionally complete and you will find on our Floors some very rare values indeed. You will find represented all the latest styles and designs, all periods, woods and finishes—the most remarkable collection of quality Dining Room Furniture ever shown in Southwestern Pennsylvania.

These Suites Are Representative of the Immense Values We Are Offering.

This Ten-Piece William and Mary Dining Room Suite at \$129.50

Here is a Suite, though very low in price, that will brighten up your Home. The Table, Buffet, China Cabinet, Serving Table and Chairs—all are very substantially built from the choicest materials. Finished in a beautiful Jacobean Oak.

This Ten-Piece Queen Anne Dining Room Suite at \$225.00

This Suite is made of the finest American Walnut in the popular Queen Anne period. There are ten pieces in all—Table, Buffet, China Cabinet, Serving Table, Arm Chair and five Chairs. An especially large value at this price.

### Here is a Very Special Value in Living Room Furniture

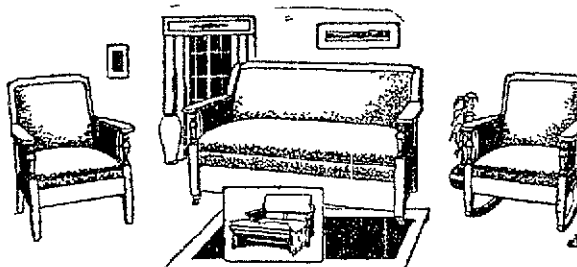

This Complete Three-Piece Pullman Living Room Suite \$65.00

Consists of three massive pieces—Davenport, Rocker and Chair. The upholstery is of a very good grade of imitation leather that is guaranteed not to crack or peel. The coil spring construction is very heavy, insuring your comfort.

In the Pullman there is nothing to get out of order when changing the Davenport—even a child can operate the Pullman. And this price is lower than you are asked to pay for the ordinary kinds in other stores.

### Another Genuine Bargain in Furniture For the Living Room

This Luxurious Three-Piece Living Room Suite. Special at \$89.00

Here is a value that you must see to fully appreciate—Bed Davenport, Rocker and Chair complete at a price like this. This suite has quality built right into it and is of the finest construction. Upholstered in the best grade of imitation leather.

### These Are Fine Days to Take the Baby Out Riding

And Baby will surely enjoy a mighty comfortable ride in one of these new Carriages we have recently received.

There are many different styles to choose from—at prices that are surprisingly moderate.

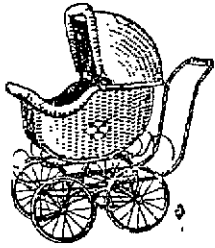

### The Little Miss Will Also Want a Carriage

#### For Her Dolly

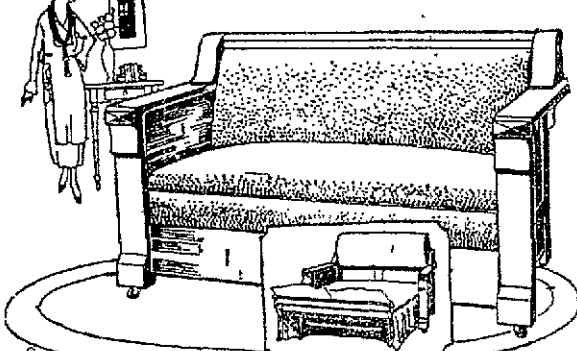

A Christmas Gift that will please every little miss is one of these Doll Carriages.

We urge early selection while our stock of styles and patterns is complete—delivery can be made at any later time you wish.

Prices upwards from as low as \$4.85

### Here is a Big Value!

This Sturdily Built Bed Davenport. Special at \$45.00

This is perhaps the most useful piece of Furniture you could ever put in your home—gives you a Davenport by day and a full-size bed by night. The construction is the same as found in the higher priced Davenports and the upholstery is in a durable grade of imitation leather.

## The Woman's Christmas Picture

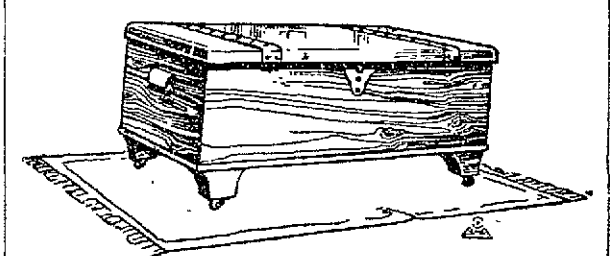

Is a Hoosier in Her Kitchen

It means convenience that more than a million other women have and she has longed for. It means about half her present work in half the time. It means an end to kitchen fatigue, and that cooking and baking will become a joy. It means no longer a scattered kitchen, but kitchen efficiency of the highest type—with all utensils and supplies centralized at fingers' ends. That saves miles of steps.

There will undoubtedly be a shortage of Hoosiers later on—so if you want to be sure of your cabinet in time for Christmas you must order it at once.

We have the Hoosier at prices as low as \$29.50

### A Cedar Chest is a Good Investment

We have them in many styles, designs and sizes—priced as low as \$14.75

## Stoves—Ranges—Heaters

No matter what kind of a Stove, Range or Heater you want—here you will find the largest variety of reliable makes to choose from. Every one is fully guaranteed. And our prices are lower than others ask for just the ordinary kinds.

Come in and See that Famous

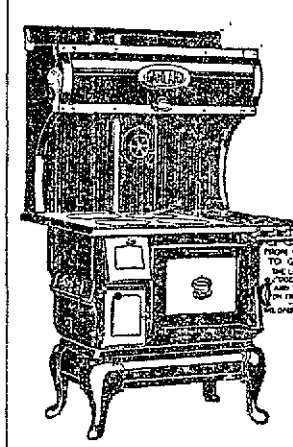

### GARLAND Three-Fuel Range

Burns coal, wood or gas— singly or all together—with proven perfect results.

Bakes the same with coal as with gas—no change of parts necessary—just pull the lever.

This GARLAND "Regent" Special at \$68.50

(Complete with warming closet—exactly as illustrated, \$75.00.)

## NEWSY NOTES TELL WHAT'S HAPPENING IN THE MILL TOWN

### Regular Services are Resumed in the Churches of Scottsdale.

### WAR WORK CAMPAIGN BOOMING

State Sends Nurse to Take Charge of Emergency Hospital When Young Woman There is Called to Other Duties: Movies and Bars Open.

(To the public:—Item for the Scottsdale column of The Courier or of interest: generally may be left at Ruth-erford's News Stand, Pittsburgh street. They will receive prompt attention. They must be written and should be

carefully prepared, using one side of the paper only, in order to insure correct publication. Special care should be used with proper names. Do not use the telephone in communicating with this agency. Write it. All communications must be signed.)

#### Special to The Courier.

SCOTSDALE, Nov. 18.—Church services were held yesterday in Scottsdale for the first time in six weeks since the influenza ban had been put on the town. There was a very good crowd at all of the churches.

#### Campaign Going Well.

Scottsdale is coming along finely with the United War Work campaign. They will close their campaign today. Every committee and every member is working their hardest.

#### New Nurse Arrives.

Following the removal of Miss Nettie Cech and Miss Mary Madden on Friday from the emergency hospital, the state authorities sent Miss Dellick of Bristol, Bucks county, a

Philadelphia nurse, to take charge. She arrived Saturday. The three patients at the hospital are doing very good.

Business College Opening.

## STONE INDUSTRY IN 1917 SHOWED INCREASED VALUE

But There Was a Decrease of Nine Per Cent in the Production.

### PENNSYLVANIA IS LEADER

With 459 Plants Yielding Output Valued at \$14,048,158, or 17.99 Per Cent of the Total in United States; Large Increase in Value of Furnace-Flux.

The total value of stone sold in the United States in 1917 was \$22,215,671, an increase of four per cent over the value of that sold in 1916, as shown by statistics compiled by G. F. Loughlin of the United States Geological Survey. This increase followed an increase of six per cent in 1916 and a decrease of four per cent in 1915. The quantity of stone sold in 1917 was approximately 52,800,000 short tons, a decrease of about nine per cent from that sold in 1916. The increase in value in 1917 was due entirely to the greater value of limestone sold, as the total value of all other varieties of stone sold was less, the decrease ranging from one to 11 per cent. An increase of 12 per cent in the value of limestone was due to a large increase in the output of stone quarried for use as furnace flux—from 23,623,608 long tons, valued at \$13,346,882, in 1916, to 25,574,116 long tons, valued at \$18,675,212, in 1917. The production of limestone sold to industrial works, such as paper mills, sugar factories, glass works, and alkali works, also showed an increase in both quantity and value. The output of limestone for agricultural use, however, decreased three per cent in quantity, although it increased 22 per cent in value.

The value of monumental stone in 1917, \$8,192,453, increased 10 per cent over the value in 1916, \$7,372,620. This is the largest value ever reported, but is due to the increase of 38 cents in the average price per cubic foot, as the quantity decreased 10 per cent—from 4,552,929 cubic feet in 1916 to 4,058,626 cubic feet in 1917. In 1917, 83 per cent of the quantity and 79 per cent of the value was for granite, the remainder being for marble.

Continued depression in the building industry in 1917, which affected the better grade of building stone of all kinds, caused a decrease of over 17 per cent in value, and of 30 per cent in quantity. The output for 1917 was 17,263,583 cubic feet, valued at \$12,102,914, and that for 1916 was 21,754,742 cubic feet, valued at \$14,677,308. The value of paving blocks sold in 1917 was \$2,722,441, practically the same as in 1916.

The figures representing sales of stone of these classes are as follows: Curbing, 3,538,375 lineal feet, valued at \$1,402,980; flagging, 3,037,113 square feet, valued at \$156,327; rip-rap, 2,682,939 short tons, valued at \$2,203,373; rubble, 918,646 short tons, valued at \$864,321. Crushed stone amounting to 49,285,377 short tons, valued at \$29,065,569, was produced in 1917, a decrease of 7,790,244 tons, 13 per cent, in quantity and \$297,043, 1.3 per cent, in value. The average value was 72 cents per ton in 1917, an increase of 11 cents.

Pennsylvania, Ohio, Vermont, New York and Indiana were the ranking states in value of stone produced in 1917 as in 1916. Of the 50 producing states and territories in 1917, 26 decreased and 24 increased the value of their output. In the region east of the Mississippi river 16 states showed increased and 11 states decreased value of output; in the region west of this river eight states showed increase and 11 states decreased value of output; in the region west of this river eight states showed increase and five decrease.

The percentages of increase made by Michigan, Alabama, Pennsylvania, West Virginia, and New Jersey, 37 per cent, 34 per cent, 27 per cent, 22 per cent, and 12 per cent, respectively, were due almost entirely to the increase in the value of furnace flux. In all these states except Pennsylvania an increase was made in both quantity and value.

The number of plants reporting operations in 1917 was 2,647, which was 388 less than in 1916. A large number of the small quarries were closed on account of scarcity of labor, increased cost of supplies, lack of local demand, and substitution of cheaper material. Many of the larger producers reported that the demand was very good but that shortage of cars and railroad embargoes on shipments curtailed the output. The increase in the cost of operation was 20 to 75 per cent, and the advance in the selling price, was 20 to 50 per cent.

## NEWS OF THE DAY AT MT. PLEASANT BRIEFLY RELATED

With One Exception Churches of Town Resume Services.

### TAG DAY RECEIPTS REACH \$686

Supply of Tags is Exhausted but the Deficiency is Made up by Efforts of Committees in Charge of This War Work Campaign; Aid for Hospital.

Special to The Courier.

MOUNT PLEASANT, Nov. 8.—At a meeting of the Mount Pleasant Ministerial association it was decided to resume the usual services at the churches yesterday. Some of the churches limited the Sunday schools to adults, while the Church of God did not open its doors for any services.

Tag Day Success.

Tag day was held here on Saturday, the proceeds to go to the United War Work Campaign. Three thousand tags had been ordered but early in the evening the girls ran out of tags and the committee in charge made tags that were sold in their stead. The proceeds amounted to \$686.43.

(Council to Give Aid.)

A special council meeting has been called for Tuesday evening when the matter of helping out the emergency hospital financially will be considered. The last of the patients will be moved from the Elks rooms today.

Engagement Announced.

Mr. and Mrs. M. M. Byers announce the engagement of their daughter, Miss Nellie L. Byers, to Louis Glenn Hauser, of Ben Avon. The wedding will be an event of the early winter.

Dinner for Brother.

Mrs. Mary Tomasek gave a dinner at her Bridgeport street home yesterday for her brother John Vetosk and his family who leave tomorrow for their new home at Canyon, Texas.

Personal.

Miss Ohma Harmon of Pittsburg spent Sunday at her home here.

Mr. and Mrs. Clinton Crosby and son, Tony, and daughter, Dorothy, spent yesterday with Dr. and Mrs. S. M. Crosby.

Miss Ladriford Sipe of Pittsburg spent Sunday at her home here.

## ATTITUDE OF RAILROAD ADMINISTRATION AFTER THE WAR IS IMPORTANT

In Relation to Business Conditions; Cancellation of War Orders May Bring Severe Depression.

Business conditions immediately following the conclusion of the war will depend largely upon the attitude of the United States Railroad Administration, is the opinion of a leading Youngstown iron and steel manufacturer, says a correspondent of the Cleveland Daily Iron Trade.

If the Railroad Administration at once places orders for the cars, locomotives, rails and other material and equipment needed, this action will go far toward maintaining something like normal operations in the iron and steel industries until usual trade conditions return. If the railroad authorities do not, a period of depression for a time is possible, owing to the cancellation of war orders and many other orders now on sales books and to the fact that but little peace business can be expected on the basis of war prices.

For the Railroad Administration to place a large volume of orders as soon as peace is assured will mean burdening the carriers with high-cost material, and equipment and for it not to do so will be a direct thrust on its part at high wages. Which horn of the dilemma may be chosen is a development that is being awaited with considerable interest by outsiders.

Wages, too, the manufacturers believe, will have to be readjusted before much new business will appear unless the present high price level is to be maintained. But for wages to come down, the cost of living will have to make a similar descent so it is believed possible that a period of depression may be required to readjust matters.

Favorable tariff legislation adequately protecting American industry from the competition that was threatening to throttle it at the beginning of 1914 would be an auspicious factor.

Cards of Thanks.

Harry G. Morgan of Crawford avenue, West Side, desires to thank his many kind friends and neighbors for their aid and sympathy extended him during the illness and at the time of the death of his wife, Mrs. Florence Morgan. Especially does he wish to thank the singers from the United Brethren church and those who sent floral tributes.—Adv.

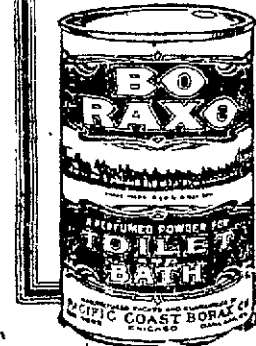

## BO-RAXO for the TOILET

ARE you worried about your skin? In spite of the care you give it, is it still unattractive? Usually, it is not the amount, but the right sort of care that counts. Often a clogged condition of the pores is the real cause of a poor skin.

MULE TEAM  
BO-RAXO  
BATH & TOILET POWDER

may help you. Its cleansing lather does what no soap can do—gets down into the pores and clears away the waste and poisons which they should excrete. It lets the pores "breathe"; the first step toward a beautiful skin. And the pure powdered borax in BO-RAXO softens, soothes, and whitens.

At All Dealers  
Sold in sanitary, sifter-top cans for individual use.  
Convenient and economical.  
15c and 30c

## At the Theatres

### THE PARAMOUNT.

"FLOWER OF THE DUSK"—A charming romantic play, in which Wills Dana is seen in a splendid role, is being shown today. The story shows the beautiful love of a young girl for her blind father, whose "flower of the dusk" she is. To keep him in ignorance of her poverty she does needlework and so supplies him with the many little luxuries to which he has always been accustomed. To what length the devotion of this little flame girl goes in her love and her sacrifice for her beloved father, and of his lasting love for his dead wife, the charming play shows with powerful intensity. Then comes the fragrant romance of the young lovers, brought up together since their childhood but only gradually realizing the great love that is drawing for them. The story is one of heart-compelling pathos but, at the same time, full of dramatic intensity for which the pen of Myrtle Reed, the famous novelist, is noted. The story is one that lays hold on the imagination and is remembered long after the picture is seen. "The Nymph of the Hills" will be shown tomorrow.

### THE SOISSON.

"THE STUDIO GIRL"—A select production, starring Constance Talmadge, supported by John Hines, Charlie Foxe and others, is being presented today. Most of the picture was filmed at Marblehead, Mass., to take in the tremendous cliffs which tower above the coast, a that vicinity. The story is centered around "Chia Laird, who runs away from her home in Cliff Haven, a tiny New England village, to avoid a loveless marriage with Chediah Daw, a deplorable lout, but the village "catch" she rides in the tennison of Fraser Ordway's car, as he motors back from a vacation in her home town to his New York studio. He put her on a train supposedly bound for Cliff Haven, but when he gets to his apartment in his armchair. Unwittingly, she aids him get out of his engagement with another girl and together they elude the warrant sworn out against him by the Cliff Haven constabulary for abduction. Indignation and rage change to delight, and happiness.

### THE ARCADE.

Pert Bence and his Hello Girls are at the Arcade this week. Don't that sound good? The show is full of features. The Chaudron Brothers will show you how to sing, as they are the best pair of entertainers that have come to Connelville for some time. A most interesting plot runs through the whole show and makes it more interesting as you go along. Pert Bence has no equal as a funmaker and if you don't laugh you had better see a specialist at once. The chorus is the best to be had and very well trained and all fine singers. The pictures are also of the best and this week will see both "The House of Hate" and "The Fight for Millions" on the screen. Friday and Saturday will be given to a fine Vitaphone comedy.

### THE ORPHEUM.

"JOHANNA ENLISTS"—In which Mary Pickford appears, will be shown at the Orpheum today and tomorrow. The scenario of "Johanna Enlists" was written by Frances Marion and is an adaptation of Rupert Hughes' novel, "The mobilization of Johanna." In it Mary makes a decided transformation, from a gawky, freckle-faced, awkward country girl to a dainty young person minus the freckles and all the other marks of her uncouth "brung" up. Douglas MacLean is leading man and there is a fine supporting cast.

### Nursing Sickly Plants.

Sickly plants, like sickly people, cannot stand extremes. Sickly pot plants may often be more quickly brought back to health by watering with very warm water only. Low vitality will not be raised through the use of chilly water or less than 110 degrees of temperature.

"CAP" STUBBS.

SAMMY'S A KILL-JOY

## WAR EXPO WILL HAVE MANY FEATURES

Above—A section of the War Expo. Lower Left—A display of war trophies. Lower Right—German 210 Howitzer captured by American troops.

Thousands of persons from all sections of Western Pennsylvania, North and West Virginia and Eastern Ohio are expected to attend the great American and Allied War Exposition which opens in Pittsburgh Thanksgiving Day, November 28, and will continue until December 8. The advance sale of tickets for the big show strongly indicates that record breaking crowds will take advantage of the opportunity to view the exposition, and the thrilling incidents connected with the program.

Aeroplane exhibitions by twelve expert birdmen, musical concerts and

other features in addition to the regular show are on the program, which will be most elaborate in detail. Of most interest is the zero program which calls for day and night flying by the twelve birdmen, who will be battle, scout, observation and bombing planes. Each day the aviators will rise above the city and will give demonstrations of scout and observation maneuvers, battle formations and bombing expeditions. At night, the airplanes will take flight, and the pilots will drop war lights, shoot rockets and give live demonstrations of signaling from the air in the darkness.

using flashes and the different colored lights. The exposition proper presents to view a counterpart of the great war which was waged in Europe for more than four years. The exhibits include battle tanks, some in working condition, while others bear the scars of conflict; airships which went through months of battle; guns of all description, including "Big Berthas," cannon of all sizes, machine guns and even the smallest pistol, many of which were used on the Western Front in France against the Germans and some captured from the Hun.

## CASUALTIES IN U. S. FORCES TO DATE ARE 75,997

Killed in Action Reach Total of 14,264, Including Losses at Sea.

## WOUNDS NOW CLAIM 5,507

Deaths From Disease in Excess of Those From Wounds, the Total Being 6,139; 1,150 Die From Other Causes; Nearly 41,000 Wounded.

The number of casualties reported by the commanding general of the American Expeditionary Forces, up to and including Sunday is 75,997, classified as follows:

Killed in action (including at sea)	14,264
Died of wounds	5,507
Died of disease	6,139
Died of accident and other causes	1,150

Missing in action—Private David Pinkney (Robert Pinkney), R. F. D. 1, Dunbar.

Today's casualties are as follows:

Killed in action	170
Died of wounds	66
Died of disease	110
Missing in action	91
Total	437

Included are: Killed in action—Private Luther Rynner (Mrs. Emma Rynner), Dunbar.

## DEVELOPMENT MEN

To be the First Discharged From the Military Service, Says Baker.

WASHINGTON, Nov. 18—Secretary Baker of the War Department has announced that candidates for commissions in the officers' training schools who were transferred from the Student Army Training Corps will be allowed to return to that organization, provided they return to college immediately.

Men of the development battalions will be the first units of the army demobilized, Secretary Baker announced today. There are about 50,000 men now in these battalions, and they will be mustered out as soon as they can be given the necessary physical examinations. The development battalions are composed of men who for physical or other reasons were found unsuited for active military service when they were called up in the draft. Before any man is discharged from the army a final physical examination is necessary.

Secretary Baker said he did not know when the forces in France would begin to return.

## HEALTH TALK

SPANISH INFLUENZA OR GRIP By DR. LEE H. SMITH

An old enemy is with us again, and whether we fight a German or a germ, we must put up a good fight, and not be afraid. The influenza runs a very brief course when the patient is careful, and if we keep the system in good condition and throw off the poisons which tend to accumulate within our bodies, we can escape the disease. Remember these three C's—a clean mouth, a clean skin and clean bowels. To carry off poisons from the system and keep the bowels loose, daily doses of a pleasant laxative should be taken. Such a one is made of May-apple, leaves of aloe, root of jalap, and called Dr. Pierce's Pleasant Pellets. Hot lemonade should be used freely if attacked by a cold, and the patient should be put to bed after a hot mustard foot-bath.

To prevent the attack of bronchitis or pneumonia and to control the pain, Anuric tablets should be obtained at the drug store, and one given every two hours, with lemonade. The Anuric tablets were first discovered by Dr. Pierce, and, as they flush the bladder and cleanse the kidneys, they carry away much of the poisons and the uric acid.

It is important that brains, milk, buttermilk, ice-cream and simple diet be given regularly to strengthen the system and increase the vital resistance. The fever is diminished by the use of the Anuric tablets, but in addition, the forehead, arms and hands may be bathed with water (tepid) in which a tablespoonful of salutarin has been dissolved in a quart. After an attack of grip or pneumonia to build up and strengthen the system, obtain at the drug store a good iron tonic, called "Ironic" Tablets, or that well known herbal tonic, Dr. Pierce's Golden Medical Discovery.—Adv.

## Heal Skin Diseases

It is unnecessary for you to suffer with eczema, blotches, ringworm, rashes and similar skin troubles. A little Zemo, obtained at any drug store for 50c, or \$1.00 for extra large bottle, and promptly applied will usually give instant relief from itching, burning, and other skin troubles. Zemo is a wonderful, penetrating, disappearing liquid and is soothing to the most delicate skin. It is not greasy, is easily applied and costs little. Get it today and save all further distress. The E. W. Ross Co., Cleveland, O.

## THE FUTURE HOLDS GREAT PROSPERITY FOR UNITED STATES

If We Be on Guard Against Economic Demoralization and Panicky Tendencies, Says Chairman Gary.

NEW YORK, Nov. 13.—Elbert H. Gary, head of the United States Steel Corporation, today warned the American people to be on their guard against "economic demoralization, depression, and possibly panic which might accompany the adjustment after a world war."

In a statement issued before he left for Washington to confer there tomorrow with the war industries board regarding steps necessary to return the steel trade to a peace basis, Mr. Gary cautioned the public to "exercise prudence, deliberation and courage" as "much depends upon the attitude and the speech of men." He added that it is easy to precipitate a feeling of demoralization and no more difficult to develop a sentiment of confidence and serenity.

Asserting that although there would be reduction in purchases for military purposes which might interrupt the conduct in general, Mr. Gary asserted that there would still be a "normal and certain volume of business."

Any attempt to secure more than a proper share of this business, he said, would impede rather than accelerate prosperity, so that "we must all trim our sails according to the drift and amount of business."

## AN EXPERT.

A government press censor was talking about the German press censorship.

"We found on some prisoners recently," he said, "the German censorship's latest prohibition. Prominent among these was an order to the press not to mention under any circumstances the growing use in Germany of dog flesh for food."

"That prohibition reminds me of a story—a story that may contain a lot of truth."

"A German prisoner, the story runs, was rebuked by a sergeant for the sloppy way he was feeding and looking after some Red Cross dogs."

"I guess you think you know a lot about dogs," the sergeant sneered. "Yes, sir, that's right," said the prisoner, "for let me tell you, sir, I've been cooking in a Berlin restaurant for the last two years."

"The bank that Does Things for You"

Liberal Interest on Time Deposits.

## CHICHESTER'S PILLS

THE DIAMOND BRAND. Sold by Druggists Everywhere.

## LIFEBOAT DRILL ON TRAINING VESSEL

Importance is attached by the United States shipping board to lifeboat drill on the fleet of 12 training ships maintained by the board for drilling apprentices for service in the new merchant marine. The apprentices are required to put overboard the lifeboats twice a day. Recently the apprentices on one of the ships in the board's Atlantic training squadron "struck out," lowered and manned the ship's 12 lifeboats in 2 minutes, 30 seconds. This picture shows the boats being swung out on the davits, preparatory to lowering from the vessel's upper deck.
